If you don't have integrity, you have nothing. You can't buy it. You can have all the money in the world if you are not a moral and ethical person, you really have nothing. Pakistan is a country which is not fall economically but also morally. It is worst condition in our society. The lack of moral value makes distrust. The other countries are not ready to contract with Pakistan. Due to distrust. The factors that effects its morality are technology, culture, society norms, educational system, discrimination between genders. The world Gender Report which was publishing in 23 march 2024 shows the worst condition of Pakistan. It shows that Pakistan ranked 164 out of 167 in gender discrimination. which effects its reputation. which also destroy Economy of Pakistan.

First comes Pakistan is a patriarchal society. where the rule and laws.

For instance. the murdered of ~~S. Dantan~~ manager P. Ramtha, Kumara was killed by the workers. in blasphemy. ~~the religious blasphemy are~~

major They use religion name for  
their person abuse. this makes  
negative image of Pakistan globally.  
The incident of Jilhana Bazar  
where women was accused for  
blasphemy for having Shirdi (some  
Quranic verses are written on it) The  
mob abused the women, shouted  
zealous slogans calling for her  
to be killed. It also shows the  
worst image of morality. Now  
come with wrong use of technology  
it is
