The essay

~~making threat to human prosperity but~~
also pushing the humans towards loss of lives." ^{Quote not relevant. Globalism and hyper globalism are different phenomena} ~~undoubtedly, well said~~ ^{The quote of Ban ki Moon as you have written is about globalism not hyper globalism} by the

Bah ki moon about the spread of hyper globalism. Globalism that has reduced the distance among nations and closed the interactions of people.

The closeness of globalism has created numerous threats to human prosperity. ^{This expression is not suitable for introduction}

Firstly, it has increased unemployment, created the clash of cultures, spoiled local businesses and exploited the natural of underdeveloped nations.

Besides, the quick interaction of humans has given chances to terrorists to carry out cyber terrorism and terror attacks worldwide.

Consequently, the policy of hyper globalism has pushed the humans into pensive sights and loss of happiness. ^{sentence structure} The power of

of ^{hyper} globalism has been oppressing the humans living in developing countries. Therefore, following the reality of the world. This is true that hyper globalism is threat to human prosperity.

To begin with the critics stance, ^{hyper} globalism has created jobs. According to Reuters Report globalism has created jobs digitally and physically. Humans have been working digitally on several online platforms to earn money. Physically, the globalised policies of several global companies have employed millions of persons worldwide. Thus, globalism has created jobs for individuals everywhere in the world.

Arguments will remain the same, they will only be intensified which you can convey with wording. But wording is important. If you write globalism instead of hyper-globalism no matter how accurate it is, your essay will still be counted as irrelevant.

moreover, globalism has contributed in the development of infrastructure. The process of globalism has enabled several companies to invest in the infrastructural development of underdeveloped countries. For instance: in the CPEC Phase 1, the Chinese authorities has invested billions of dollars in the infrastructure sector. Consequently, built roads, buildings, dams and special economic zone (SEZs). These all developments have created jobs and facilities. Thus, individuals have gotten benefits from hyper globalism.

Moreover, globalism has created

ways for companies and countries to transfer technology worldwide. This has facilitated humans to ^{innovate technology rapidly} use technology in agricultural, ^{example?} infrastructural and medical sectors. Moreover, professionals of every sector have been utilising the transferred technology to achieve objective. This ^{Example?} is also creating prosperity because of its benefits. Therefore, the transfer of technology is the provision of globalism.

Moreover, globalism has given chances to humans sharing culture through interactions. The most tremendous feature of ~~hyper~~ globalism is to ^{sharing} share culture with diverse persons. One can share one's culture digitally and physically. Also, the process of sharing culture can provide the humans to ~~learn~~ learn about unknown aspects of every culture. This can be able

Your arguments are fine but expression needs maturity and there is a lack of subject specific jargon. It will help you increase relevance to the topic at another level.

No example

the humans to live happily. Thus,
globalism is not threat to human prosperity.

Be very mindful in adding quotes. They need to be relevant to the argument not one element in the argument

irrelevant quote

Further, globalism has improved the educational sector. "Education explores ~~happiness and understanding among humans.~~" (John machnios) the globalism of 21st century has made education accessible to everyone. This has provided foreign educational institutions to provide online education to everyone. Institutions like Oxford and Khan Academy have been providing tremendous quality of education worldwide. This has improved the sector of education and has showed right direction of knowledge. Also, empowered humans to come out from traditional classrooms. Therefore, globalism has improved the sector of education that further plays tremendous roles in the spread of happiness.

sentence structure

expression

add statistics of how much it has increased the literacy rate.

Unnecessary relation with happiness. It is not clear in the paragraph. Just keep it to education.

Also, globalism has provided chances to multi-national companies to provide services in other countries.

For instance: McDonald and KFC have been providing enormous services and job chances to individuals. These both provide best services to humans

Argument lacks logical reasoning

which create the sights of happiness among people. Therefore, hyper globalism is not threat to human prosperity.

Furthermore, globalism has enabled the countries increase the export of natural resources. The countries that face economic downfalls at the same time, the globalism assist to attract foreign investment and increase export to other countries. Consequently, it saves the nations from crisis and brings happiness. Thus, globalism is not threat

No example

human prosperity.

Additionally, globalism has connected humans worldwide. The process of globalism has digitally and physically brought different individuals close. The closeness of humans has been creating sense of unity, prosperity and love among humans. ^{No example} These are the provisions of hyper globalism. Therefore, globalism has created the glee scenarios of happiness.

After having a bird's eye view of the critics stance, now the following ~~passages~~ describe ~~that~~ how globalism has pushed humans into ~~sadness.~~ decline.

Firstly, globalism has increased unemployment. Globalism which allows ^{or} ~~the~~ ^{low} humans to freely start living and ^{practice} business activities has created unemployment in ~~other~~ regions.

A case study of Afghan refugees by Al-Jazeera ^{sentence structure} ascribed in 2022 the Afghan refugees had exploited the locals from jobs. The case study of the news ascribed ^{overuse of the word} that due to huge numbers of Afghani workers who ~~worked~~ on less wages pushed the locals into unemployment. Thus, locals of Baluchistan, Shind ~~PP~~ and K.P.K faced threat to ~~the~~ happiness due to globalism ^{prosperity - use the word in the topic}

Secondly, infrastructures that ^{been} has built ~~in~~ ^{or} consequences of globalism provided benefits to developed nations. For instance: China has invested

threat to human happiness.

leads to deterioration of local indigenous cultures.

(16)

Besides, online education as a result of globalism has created disequality among individuals. Online education from world's top universities like Oxford has left middle class people uneducated to achieve it. Elite class has been getting benefits from online education. Consequently, digital globalism has created disequalities among individuals and pushed them into sadness, unemployment and unskilled. Therefore, globalism is a threat to human happiness.

Besides, globalism has enable multi-national companies to operate worldwide. These companies have exploited the local businesses. multi-national companies like KFC and McDonald have been exploiting the small businesses of locals. These companies provide every sort of services. On the other hand, the small businesses do not ^{example?} have such capability. Consequently, these local businesses face down fall. Thus, globalism has brought threats to human prosperity.

Also, globalism has exploited the underdeveloped nations. Globalism has given full access to developed nations to invest in underdeveloped countries. For instance, Barrick company which is from Canada has exploited the

Date: ___/___/20___
