

Question Number 2

Solution 7/20

Title: "Ephialtes: A Misunderstood Villain" Good

Precis

The writer argues that villains are not always wrong. Ephialtes is one such example. He was not perfectly able. Spartans, being a warrior tribe, used to kill such babies. To avoid this Ephialtes' father left Sparta. He trained Ephialtes to become a good soldier. However, when Ephialtes presented himself to Leonidas, the Spartan King, and expressed his desire to join them in their suicidal fight against the Persian army, Leonidas rejected him on the basis of his poor defense ability. In order to carry forward the tradition of his father and be a warrior, he joined the Persians and proved pivotal in causing Spartan defeat. But it is wrong to say ^{that} he betrayed Spartans as he never joined their army.

Idea of "Persian Army's offer, which he accepted only for army's uniform and acceptance" is missed
