No definitions in the introduction

Civic sense is the collective awareness of citizens to uphold social responsibilities and respect public resources.

It entails adhering to the social norms, rules and etiquettes that contribute to smooth functioning of society or a country.

Among the other indicators of country's advancement civic responsibility is one of them. Succintly, collective civic awareness fosters the rule and law, social cohesion, environment protection and economic prosperity. Nonetheless, if a country lacks these mentioned indicators of state affluence, indeed, it spurs the country's developmental deficit.

Lawlessness, social disunity, environmental degradation, public health issues, negative image at global level and economic stasis are some of witnessed ramifications of lack of public consciousness or ~~lack of~~ civic responsibility.

Don't mention these points in the form of a list.

Nevertheless, civic sense can be nurtured.

Educational programs, community initiatives and strong leadership can play important role in promoting responsible citizenship. Thesis statement?

~~Since~~ the notion of civic sense exists in various manifestations. Nevertheless, at prima facie, it alludes to the adherence to the rules and principles of community, society or country - This multifaceted notion encompasses in itself myriad of aspects such as abiding by the laws of state, considering others or non-intrusion approach in others matter and showing courtesy and respect for others.

Besides, social responsibilities entailing the public areas protection also fall under the umbrella of this notion - Moreover, another broader

Your expression is overly flowery

facet of civic sense also wraps up the voting or suffrage volunteering for community causes and staying informed about social issues - So, the civic responsibilities indeed spur the country's development and can embark the country on trajectory of prosperity.

Albeit, the edifice of country's growth stands on numerous pillars; ~~nonetheless~~, the civic responsibility reigns supreme among all of them. The collective consciousness of citizens, thus, is the propellor of rule and law; ultimately, ~~it~~ results in harmonious society - Additionally, it fosters the economic development by utilizing efficiently resources utilization. What's more ~~that~~ respecting public property like parks, roads and utilities also aids in economic development, ~~thus~~ by reducing maintenance cost. On the top of that, bourgeoning mutual respect and collaboration among individuals can be one of ramification - It, therefore, promotes unity in the society, that can be the indicator of positive development. World bears testament that civic sense is the pointer of advancement - Scandinavian countries or developed countries can be exemplified in this regard

wrong use of the word

conclude

AS
~~Since~~ civic sense spurs
the country's advancement, ~~if~~ ~~not~~ the
paucity of responsibilities among
individual puts the country on
backward trajectory. The most commonly
consequence can be seen in the
manifestation of lawlessness. When
citizens do not regard the
state's laws the result is
the chaos in the society.
Lawlessness itself leads to
myriad of evils and disorder
or entropic atmosphere prevails
in the country.

Discussion how
lack of civic sense
leads to lawlessness?
Example?

Not the point

conclude

Along with lawlessness the
another important ramification is
the trust deficit between individuals
and authorities. Owing to
lack of sense of responsibility
level or at authorities, the commoners
do not trust the officials
thus the gap is created
and various evils like
crimes are then ~~take~~ permitted in
society.

of??
lack of sense of responsibility in authorities
is not civic sense

No analysis, no
argumentation no example

A lack of respect for others ignoring queues or displaying intolerance can create social friction and impede the cooperation within communities - This can make it difficult to address common challenges and work towards shared goals.

This is not a paragraph
It's a too long topic sentence with a little extra explanation. It has no structure of an academic paragraph

Moreover, environmental degradation is another outcome of lack of civic responsibility. When people neglect waste disposal or damage public property it creates an unclean and unhealthy environment this can lead to pollution, the spread of disease and decreased property value.

No analysis, no argumentation no example

Spitting in public not following hygiene practices or ignoring safety regulations can contribute to spread of disease - It can also lead to accidents and injuries due to reckless behaviour.

Not a paragraph

Transition is not smooth and cohesive

But along with all these
deteriorating effects, the civic sense
can be nurtured. Educational
programs, community initiatives and
strong leadership can all play
a role in promoting responsible
citizenship. when people understand
the importance of civic sense and
feel empowered to participate, a
country can move forward and
create a better future for all.
