a- Through media

b- Through newspapers

3. Conclusion.

a- Restate thesis

b- Concluding thoughts.

Introduction:

Overpopulation: A Rising Monster.

"Overconsumption and Overpopulation Underlie every environmental problem we face today". Jacques Yves Cousteau. Overpopulation is neither a new issue nor is it a fully settled one - Developed countries are dealing with it successfully. Whereas, Underdeveloped/developing countries are still struggling. Unfortunately, Pakistan is one of them. The problems that are caused by overpopulation are Urbanization, Deforestation, Poverty, Unemployment, Pollution, Resource allocation and lack of Education. The possible solutions for reducing and controlling

the overpopulation are to educate people, increase awareness among people, effective role of government, and increase facilities in rural areas;

Unless the issue of overpopulation is addressed properly, any country can neither become prosperous nor respectable.
