## Part - II

Question:- 2

Make a precie of the following. Author advocates peace because of new warfronts. Total war is not an option when countries acquire powerfull & destructive weapons, & their use is inevitable in time of conflict. War is senseless because nuclear bombs are more deadly, have larger <sup>iserve</sup>generational & geographical impacts. Huge amount of annual budgets are dedicated to acquire these weapons to attain peace. This is percieved as expensive but an efficient way to maintain peace. Peacemaking, therefore may seem irrational bcs of difficult means i.e Disarmament. World leaders have to initiate peace making, but we can help them in it. We have to reexamine ourselves as individuals & nations. The change starts from within, we need to get rid of pessimist believes & work towards issues which are created by our kind. We cannot sit idle, there is need to create small achievable goals & work towards larger motives/aims.

Title:- Nuclear Weapons & global peace.

Words:-  
Total: 420  
Precies 135.

Question: 3

Read the following passage ---->

Questions:-

i) What is drought and what are its consequences?

Drought is a dry period of weather which can last for indefinite period of time. Its consequences include no rainfall for weeks, streams & rivers drying up, cattle die from thirst & crops get ruin.

ii) Does the writer endorse the popular saying about the red sky?

The writer doesnot endorse the popular saying about the red sky. He is off the view that these saying are often wrong & cannot be trusted fully. He also stated that if the saying about weather were so reliable, then there would be no need for weather science or meteorology on which we are dependent today.

iii) Is weather forecasting a science; if so, what is it called?

Weather forecasting is a science as it includes careful study of different things that

affect the weather. Only through careful study accurate forecast can be made. And the name of this science is meteorology.

iv) Why is it not easy to forecast the weather?

It is not easy to forecast weather because the weather pattern are dependent on various factors. And to accurately forecast a weather every aspect is to be studied carefully.

v) How would the moon help the people in forecasting weather? People of ancient times used to believe that moon controlled the weather, so they used moon to forecast the weather. They believed that when a crescent sickle-shaped moon lay on its back, it holds a lot of water. And even in present time people believe that sight of moon lying on its back means that the rain is on its way. These are ways through which moon was used to forecast weather.

B Rewrite following dialogue ...?

The judge inquired Mr. Thompson, about the nature of case which was compensation for wrongful termination. He agreed to judge and told him that in his opinion he was dismissed unfairly. Judge asked plaintiff about the time he was laid off, the specific period was eight months. Plaintiff agreed. Judge informed plaintiff about the law, according to which employees with less than a year of job are not eligible for relief unless there's evidence of discrimination or a specific right violation. Plaintiff expressed his feelings of resentment.

The Judge told plaintiff that he cannot grant any relief to him. The plaintiff questioned the judge again about any leverage he can get. Judge explained him that he is obligated by law & can do nothing. The plaintiff then agreed to Judge & thanked him for his understanding. The Judge closed the case.

Question: 7

Translation the following into...?  
A recent book festival in Lahore sparked a controversy because there were some stalls selling food & other non-literary activities rather than solely focusing on books & literary activities, which overshadowed the main cause of the book festival. Many attendees expressed their resentment & felt that the book festival has turned into an eatery market in which books, writer and literary writings are give less space & importance. More emphasis on the food stalls in the festival rather than books & literature has
