

Q2 PRECIS:

Title: Jackling war and promoting peace.

The author only talked about peace because those in war were not ready to surrender. In second world war nuclear weapon was very explosive. There were dangerous poisons in the nuclear explosives. These weapons are worth million dollars that maintain peace.

Talking about world peace is useless & waste of time. Until those nation's leaders who initiate war. First we have to work on ourselves and then we can work as a nation. Some people will work and some people will not work and in result war is unavoidable. Problems are created by us but still we'll try to bring peace. Peace is not impossible & ending war is possible and we can achieve our goal.

Q3 QUESTIONS:

- i. What is drought and what are its consequences?

Drought means when there is lack of rainfall for weeks and streams and rivers are dried up. Its consequence is that it effects the crops.

ii Does the writer endorse the popular sayings about the red sky?

Yes, the writer said that a red sky at night is the shepherd's delight. A red sky in the morning is the shepherd's warning. It is mostly wrong. If sayings like this were true, there would be no need for weather forecasting.

iii Is weather forecasting a science, if so, what is it called?

Yes, weather forecasting is a science and it is also known as meteorology.

iv Why is it not easy to forecast the weather?

It is a difficult business because many different things affect the weather and each one has to be studied before we can make even a fairly accurate forecast.

v How would the moon help the people in forecasting weather?

The people made forecasts by thinking that moon controlled the weather and it holds a lot of water especially when as a crescent sickle-shaped moon it lay on its back. Even today

there are people who think that the sight of the moon lying on its back means that the rain is on its way.
