- Only leaders can bring close hostile countries.
- Fate of people in hands of leaders.
- Leader control over war & peace.
- Leaders responsible for war.

Individual attitude contributing war.

War is not inevitable.

Peace is not impracticable.

Problems are man-made. Solutions should be as well.

Question # 2: Previ's

"Peace for mankind"

World is on the verge of WWIII.

Inventing more deadly weapons to

ensure peace is an absurd idea - Nuke

war can will affect more than imaginable

possibilities. The strained relationships between

Countries leading to war can be fixed by bringing their leaders on the table. Today's man is intelligent enough to make peace talks successful. The individual to community, all levels need to play their due role to bring peace. Peace ~~may~~ War may seem an ultimate solution but peace is not so delusional as it seems. Present day issues, which are leading to wars, are all coming from problems created by humans themselves. So, it is a very possibility to bring peace for next generation instead of destruction.

Passage = 360.

Precis = 110.
