War: An Inevitable phenomenon
Author has urged the nations to focus on peace rather than war and nuclear weapon development. But it is impossible in the age where every nation has the aim to produce drastic weapons against enemies and spend billions of dollars on nuclear armament collection for peace keeping purpose. Author argues that we can convince the nations for peace by changing our attitude towards peace and war. Too many think war can't be control but we can make people to do their best for peace promotion -

Question #3.

Read the following passage and answer the questions.

Question #1 -

What is drought and what are its consequences?

Drought is the time period when there is shortage of food supply and water scarcity, due to lack of rainfall crops diminished and

all water resources gets dry. As a result crops are ruined and cattle and many other living things died and humans faces a lot of troubles.

#2 Does the writer endorse the popular sayings about the red sky?

No, the writer does not endorse it. He is of the argument that these sayings are often wrong and has no link with reality. If there were time then scientist don't need to use meteorology for forecasting purpose.

#3 Is weather forecasting a science; if so, what is called?

Yes, forecasting the weather is science because it involves the setting of satellites in upper atmosphere that predicts weather by cloud formation there. and weather forecasting in science is called as Meteorology.

Q#4: Why is it not easy to forecast the weather?

It is not easy to forecast the

weather because many things affect the weather forecasting. Many sayings of previous people effect this phenomenon in the sense that they made their forecast by the signs in the sky, flights of birds and so many other examples. weather may change with respect to regions so your forecast is probably difficult phenomenon

Q#5 How would the moon help the people in forecasting weather?

People thought that moon contains a lot of water in it so it controls the weather. More over crescent sickle-shaped moon lying on its back are the signs of the rain. so, the moon in this way, predicts the weather forecasting phenomenon.

A fly sat on one of the shafts of a cart and said to his mules who was pulling it. "How slow you are! Do mend your pace, or I shall have to use my sting as a goad." The mule was not in the least disturbed

translation

Recently, a conflict happened in Lahore book fair. Despite to focus an attention on books and curricular activities, there were a lot of stalls of eatables and were selling non-literary things which backed the goal of book fair. Many participants showed disappointment, and felt that book fair has become eating bazaar where books, authors and literature dialogues has ^{given} less space and less attention. Due to a lot of focus on eatables, in fair, despite being focus on study and books selling, a discussion started whether
