B:

Judge asked Mr. Thompson whether he is seeking compensation for wrongful termination? Plaintiff replied, yes, Your Honor. I believe I was unfairly dismissed. Judge ~~asked~~ ^{asked} that you had let go after eight months, is it correct? Plaintiff admitted. Judge explained that under the law, employees with less than a year are not eligible for relief unless there is evidence of discrimination or a specific right violation. Plaintiff pleaded that I feel my rights had violated. Judge said, "I understand but without those grounds I can not grant relief." Plaintiff asked, "If there is nothing I can do?" Judge added, "Correct, Mr. Thompson. My hands are tied by law." Plaintiff thanked him and said I understand. Judge dismissed the case.

Date: _____

Day: _____

QNO:7 Translation :-

Recently, a conflict aroused during a book-fair because there were many stalls where foodstuffs and illiterary goods were selling instead of paying attention on books and literary activities. All these backed off the genuine purpose of the fair. Many participants disappointed and realized that book-fair has become as a foodstuff market where (books) less space and attention is given to the books, authors and dialogues. An argument started that whether this ceremony was fulfilling its literary perspective or only commercial interests were prioritized as more influence was on food stalls instead of enhancing studies and book selling in the fair.

QNO: 3

Ans:-

The writer does not endorse the popular sayings about the

Date: _____

Day: _____

red sky. He says that there are number of methods and meteorology to grasp weather. If these saying are true then there was no need for weather science and meteorology.

↔

iii) Is weather forecasting a science; if so, what is it called?

Ans:-

Yes, there is a branch of science that study weather and explains the processes and phenomena that create weath. This is called meteorology

↔

iv) Why it is not easy to forecast the weather?

Ans:-

As weather is affected by

different things, so in forecasting we study and examine each traits affecting weather. So those traits or things are examined to find out their occurrence, reasons to affect weather and their consequences are how much diverse on environment. So it is not an easy task to tackle the weather conditions, fluctuation and severity. Therefore, forecasting of weather becomes complicated.

v) How would the moon help the people in forecasting weather?

Ans:

In the wane of moon, a cloudy morning bodes a fair afternoon. If the crescent moon holds its point upward, it able to contain water then predicts

a dry spell. If new moon stands on its points, expect precipitation to spill out. A winter full moon is a time for long cold snaps. So in this way a moon also help in forecasting the weather.

QNO: 2

Precis

Pursing for World Peace

The author is familiar of (up) the consequences of upcoming war, therefore the writer is willing for existence of peace before war. In wars, great powers don't give up their forces. Like happened in World War II when there

Date: _____

Day: _____

was a massive destruction by the explosion of nuclear bomb, still has ^{harmful} effects on that soil and water bodies even newborn babies are affected.

Despite observing harmful and long-lasting effect, today are spending many million dollars on weapons. This can not maintain peace around the globe. One thing is essential that every individual must examine his attitude and behaviour, when he finds any problem or fault must be resolved by itself. In the similar way, if every state recognize its fault, ~~to~~ it must tackle the problem peacefully. In this way world can avoid war and maintain peace across
