- 4 We were walking in the woods when, all of a sudden, we heard a strange sound.
- 5 John called his brother, in hopes of finding somebody to watch his children.

### (A) Punctuate

A fly sat on one of the shafts of a cart and said to the mule, who was pulling it, "How slow you are! Do mend your pace or I shall have to use my sting as a goad". The mule was not least disturbed, "Behind me in the cart," said he, "Sits my master, he holds the reins, and flicks me with his whip, and him I obey but I don't want any of your impertinence."

I know when I may dauble  
and when I may not"

## Qno. 6 (A) Sentences

Q6. B, Rewrite the dialouge.

The Judge asked Mr. Thompson if he was seeking compensation for wrongful termination. The plaintiff agreed respectfully and told him that he believes he was unfairly dismissed. The Judge inquired if he was let go after eight months. The plaintiff replied in affirmative. The Judge stated that under the law, employees with less than a year aren't eligible for relief unless there's evidence of discrimination or specific rights violation. The plaintiff explained that he feels that his rights were violated. The Judge explains sympathetically that without those grounds, he can't grant relief. The Plaintiff asked if there's nothing the Judge can do. The Judge agreed that his hands are tied by the law. The Plaintiff thanked the Judge and said that he understood. The Judge dismissed the case.

#### Qno. 4. Correct the sentences:

- ii) Allan Turing was a scholar, a scientist and an artist.
- iv) Being thoroughly dissatisfied with the painting, he hid it in the closed.
- v) Tim let his son swim with his friends.
- i) The priest enjoined the bride and groom in a holy wedlock.
- vi) He has a four-year subscription of that magazine.

#### Qno. 7. Translation

Recently, a dispute arose during the book exhibition in Lahore, because instead of focusing on the books and literary exhibition, there were some stalls that were selling food and un-literary items, thus the purpose of the exhibition was not fulfilled. Many people expressed disappointment and felt that the "Books exhibition" had turned into a food festival, the books, authors and literary discussions weren't given <sup>their due</sup> ~~less~~ importance. Instead of focusing on books

and readings, more importance was given to the food stalls, which led to the discussion whether this exhibition was focusing on its literary aims or was ~~emphasizing~~ fulfilling its monetary objectives.

### Q no. 3.

i)

When a land receives less than usual or no rain, this condition is called Drought. Drought can have harmful consequences for the farmers and ~~pastors~~ shepherds, whose livelihood completely depends on rain. The crops would not grow or completely dry up due to lack of rain. Similarly, the animals also die because of thirst.

ii)

No, the writer does not endorse the popular sayings about the red sky. He believes that these sort of sayings are mostly wrong. He believes that if these sorts of sayings were right then there was no need of scientific study of weather and people could've simply predicted it instead of relying on instruments.

iii)

Yes, weather forecasting is a science and it is called meteorology. The weather is predicted by scientists using different instruments and techniques.

iv)

It's not easy to forecast the weather because it is affected by many different things. The scientists have to study various things carefully before making a prediction. In the past, there were no specific instruments like thermometer or barometer, which made it even harder to make an accurate prediction.

v)

In the past, people believed that the moon held a lot of water and affects the pattern of weather. Hence, whenever they saw the crescent, sickle-shaped moon they predicted rainfall. Many people still believe in these superstitions.

precis : 86 words

## Qno. 2 . Precis

### Peace in the Era of Nuclear Weapons

The Navator says that war makes no sense in an era when all the powerful countries have large reserves of nuclear weapons and are not afraid to use them. Today a single nuclear weapons is equal to ten times the explosive forces used in World War II. The weapons can attack everywhere and will effect the next generations. The accumulation of such weapons is the least efficient way of ensuring peace. Some say it is useless to think of world peace but one can pray for a change. As the problems are man made, war is not necessary. By defining a goal and making it achievable people can move towards it.
