Precis

The Imperative of Peace

Peace as a Practical Goal

The ^{author} Speaker emphasizes the necessity of peace in the nuclear age, where total war is senseless and destructive. The current reliance on nuclear deterrence is insufficient; instead, we must pursue peace through rational means. It requires re-examination of our attitudes, recognizing peace as achievable and manageable. By defining our goals clearly and persevering, we can move toward peace and avoid the inevitability of war. Individuals and nations must work together, adopting an enlightened attitude to create a more peaceful world.

4

Q Why is it not easy to forecast the weather?

A

Forecasting the weather is challenging because many different variables affect it, and each of these must be carefully analyzed. The text notes that weather is influenced by a range of factors, including atmospheric pressure, temperature, and geographical conditions. These complexities mean that even sunlight changes can have significant impacts on weather outcomes. Additionally, the lack of sophisticated tools in early times, such as thermometers and barometers, further complicated predictions. Even today, despite advancements in technology, the inherent unpredictability of weather patterns

makes accurate forecasting difficults.

Q How would the moon help the people in forecasting weather?

A Historically, people believed that the moon could help in weather forecasting by serving as a natural indicator of impending weather changes. The text mentions the beliefs that a crescent moon lying on its back was a sign that rain might be forthcoming. This reflects a broader trained in early meteorological practices where people observed celestial bodies and natural phenomena for signs of weather changes. Such observations, though not scientifically validated, provided a way for people to make educated guesses about upcoming weather conditions based on their experiences and cultural beliefs.

Recently, a controversy arose at a book fair in Lahore, as instead of focusing on books and literary activities, there were numerous stalls selling food and non-literary items, overshadowing the fair's original purpose. Many participants expressed disappointment, feeling that the book fair had largely turned into a food market, with little space and attention given to books, authors, and literary discussions. The excessive emphasis on food stalls sparked a debate about whether the event was fulfilling its literary objective instead of promoting reading and book sales, or merely prioritizing commercial interests.
