## Precis

Peace as a Practical Goal

- 1- Redefining Peace and War
- 2- Peace - an Ultimate Goal of Man. ✓

The writer says that seeking peace is inevitable due to the changing war tactics - the use of explosive weapons far more destructive than the combined explosiveness of Allied Powers of second world war, and due to the exacerbated poisonous effects of those weapons. These days, peace is ensured by the acquisition of these nuclear weapons. But surely, they could not be the only mean to peace. Peace can <sup>also</sup> be

2- Does the writer endorse the popular sayings about the Red Sky?

2

The writer does not endorse this saying about red sky or any other because of their credibility. The saying about red sky usually proves wrong. And if one were to believe on such sayings, meteorology would not have existed.

3- Is weather forecasting a science; if so, what is it called?

Q

Forecasting weather is a science and is called meteorology. It is about predicting weather conditions in coming days by analyzing various factors. However, in the past, weather was forecasted by the movement of birds and by the way smoke rose from fire.

#### 4- Why is it not easy to forecast weather?

01

Weather forecasting is difficult because it involves careful study of the various factors. Even in the past, it was difficult for people who lived away from rivers. They had to predict their weather on the basis of birds flight and smoke rising from fire, and even from the shape of moon.

**Irrelevant in this question**  
**Write factors affecting the weather**

#### 5- How would the moon help in forecasting weather?

01

People forecasted their weather using moon because of the belief that it controlled weather. They associated the crescent sickle-shaped moon with rain. This belief still prevails among many.

**In comprehension answer each question comprehensively**  
**Do not be irrelevant in your answer**  
**Please enhance length of each answer**  
**Read the passage carefully**

Recently, there arose a dispute in a book festival in Lahore, because they overlooked the essence of the festival and instead of prioritizing books and literature related activities, they installed stalls which sold food and other non-literary things. Many of the attendees/participants expressed disappointment. They felt that the book festival had transformed into a food festival, where less space and focus was given to the books, writers and discourse. Inspite of spreading reading and increasing book sales, a discourse initiated, due to the focus being more on food stalls, that whether the festival fulfilled its literary purpose or just focused on economic gains.
