Introduction:

In Second World War, Prime Minister of Britain defeated Hitler.

In 1943, in Bengal famine occurs because Winston Churchill sent all food to army and people ~~were~~ died due to shortage of food.

~~34 million people~~ were died.

In history, it was the worst famine in the world. When Churchill heard about the worst condition of Bengal, he replied "I hate Indians. They are beastly people with a beastly religion. The famine has their own fault for breeding like rabbits." The Overpopulation is a rising monster because our country has extent available resources and the population is more than the available resources like food, water, transport or social amenities. Overpopulation is a phenomenon in

give

people birth to more children and they have lack of resources.

In all over world other countries struggle with the overpopulation, but Pakistan is one of the 5th biggest country that struggle with the overpopulation. In our society, people want to son and having a son their is a honour for them in society so that the issue they give birth more and more childrens for the son and also its a cause of overpopulation.

Every year 5.3 million people enhanced birth rate in Pakistan.

Overpopulation is a rising monster due to high birth rates, global fertility rates, Environmental change, Poverty, Lack of education and also alarming growth rates.
