## Part-II

## Q NO 2: Precis

In this age of nuclear forces and explosive nuclear weapons, it is useless to talk about total war. Deadly poison produced by nuclear weapons have far reaching affects even for generations yet unborn. Today world is busy in buying billion dollars weapons to live peaceful life though these stockpile will only mate destructions. But being peace wisher we can make change because these problems are man-made.

Don't use "I, we, our, us" in precis. It is blunder in precis. 0/20

We can do this by separating of our attitude firstly as an individual and then as a nation. By making our goals clear and prioritizing peace we can make change and change peoples attitude towards peace which thought it is useless to speak of nuclear peace.

## General Instructions

Read the passage carefully

Answers:

9/20

(1) Drought is a condition or time period when no rain falls for days or even for many weeks. It has many consequences such as rivers and streams dried up. It also results in the death of many animals as they do not get water for drinking. Drought also destroys crops.

(2) Writer does not endorse the popular saying about the red sky. According to him these sayings are sometimes right but mostly wrong. If sayings like it were true, then there would be no need to develop weather science or meteorology. So, these sayings are not correct always.

(3) Yes, weather forecasting is a science and it is called weather science or meteorology. In past times people forecasts by watching the flights of birds or the way smoke rose from a fire. But in modern times different instruments such as thermometer or barometer etc. are used to forecast weather.

## Q NO 7: Translation

5/10

A conflict arose in a recent book fair that held in Lahore because in that fair attention was on different stalls of food and other things rather than on books and literary activities.

This detracted the actual purpose of book fair. Many participants felt bad about it and felt that it was more like a food market instead of book fair because books, writers and literature got least attention. As food stalls became center of attention, it initiated
