"The rational pursuit of peace in a nuclear age"

## Peace as a Practical Goal

05/20

Precis:

The author argues the necessity of promoting peace in an age when the destructive power of nuclear weapons are catastrophic and ~~total war is irrational~~ ~~and dangerous~~. He ~~believes that~~ <sup>Billions</sup> of dollars are spent on weapons to ensure deterrence but are not the only way of ensuring peace. Many ~~th~~ think that it is impossible to achieve peace globally unless the aggressive leaders, ~~change~~ <sup>change</sup> their attitude individuals and nations ~~to change their attitude~~ and have a more rational approach towards peace. But believing peace is attainable and taking practical steps towards it, humanity can resist conflict, make peace more realistic and ultimately advance towards a peaceful future, free from the grip of war that ~~cannot be avoided~~.

Question 1:

(ANS) Drought is a period with less or no rain fall. Drought can have dangerous results result in shortage of water for plants and animals which can have a dangerous effect on them. Animals can end up dead, plants crops

Question 1:

(Ans):

Drought can be defined as for weeks/months a period with little or no rainfall.

Drought can have very severe and dangerous consequences such as

shortage of water, this can directly affect animals, humans and crops. Animals can end up dead and crops can be

ruined or damaged. Humans should take proper precautions when dealing with drought.

Avoid Irrelevant Information

Question 2:

Ans:

The writer does not endorse the saying about the red sky.

The author says that these sayings can sometimes be true but more often they are wrong. The author criticizes these sayings

DATE: \_\_\_/\_\_\_/20\_\_\_

and the people who believe in these signs and sayings. If these signs and sayings were true then there would be no need of weather forecasting, the writer argues.

Question 3:

(Ans):

The scientific study of weather forecasting is called meteorology.

It is derived from Greek word meteoros which means 'In the sky'.

Meteorology is an old science because forecasting the weather for taking precautions, and knowing what is going to happen is very important. To know whether it is going to rain or not. Meteorology is a difficult science as it is thought to predict the weather.

Question 4:

Ans:

Forecasting the weather is a difficult job. There are many different aspects to be studied carefully when finding out how the weather is going to be in several days. Everything

## Write factors affecting the weather

that has an effect on weather has to be studied carefully before making an assumption even then it can sometimes be not true.

The use of different equipment is important to make a fair assumption on what the weather is going to be.

Question: 5:

Ans:

Nowadays humans use different equipment for weather forecasting. However, in ancient times there were no such equipments, back in ancient time people just made assumptions based on different

signs. They believed that moon controls the weather and is filled with water. Crescent sickle-shaped moon meant that it was going to rain the next day, not only in the ancient times but some people even today believe that moon is responsible for rain.

The judge asked Mr. Thompson whether if he was seeking compensation for wrongful termination. Mr. Thompson replied that he believed that he was unfairly dismissed. The judge asked if he was released after 8 months to which the plaintiff agreed. The judge explained that employees with less than a year were not eligible for relief unless there was evidence of discrimination or a specific rights violation to

which the plaintiff replied that he believed that his rights were violated. The judge said that he understood but without those grounds he could not grant any relief. Plaintiff asked that there is whether if there was any thing he would do to which the judge replied that his hand were tied. The plaintiff thanked the judge and the case was dismissed.

keeping  
- than ↑ studies and books, ~~the main~~  
there <sup>was</sup> is an increasing debate  
that whether if this book fair  
has fulfilled its purpose or  
was it just a business for  
the sake of increasing business.

This pronounced emphasis on food stalls, instead of fostering reading culture and book sales, sparked a debate on whether the event was truly fulfilling its literary objectives or merely prioritizing commercial interests.
