~~Title:~~ Mutual Support essential for Survival

(Since birth,) (H) (1)
humans need the assistance of others for survival. They depend on necessities produced by others, which means they generate income by working for others. To find comfort, gain knowledge, and share both joy and sorrow, they seek the support of their fellow men. And, once they have settled, they need laws to protect their rights and property.

main idea is picked and discussed over all fine but
