Sentence structure mistake

Don't start sentences from "but, so, because, etc."

The Purpose of Literature is to turn blood into ink. - T.S. Eliot.

The main purpose of literature is to build a nation who empowers individual. For his right.

But, the inclusion of literature in the modern education is the waste of Resources. Literature create creative write and reduce the use of modern education which is Technological based.

Literature empowers individual and promote cultural value and national value. It create critical thinker like philosopher who play important role in the society. Through Literature women are empowered they participate in overall activity and protect for their right, right to vote etc. Literature face many challenges. But one is the modern education, which is Modern education impact the Human Creativity reduce the critical knowledge. Modern education increase the Poverty and unemployment these are challenges that literature face. However there are some overcome that help to balance the modern education in case of literature.

Literature build a good nation. It empowers the citizen. They protest for their right, right for education, inflation, and reduce the tax payment.

According to G.K. Chesterton, Literature is
a luxury; fiction is a necessity. Through
Literature Citizen feel safe in the
country because on the base of Literature
they demand his write. Government fulfill
the demand of Citizen on the base of
his literary value.

Literature empowers the individual
which are unaware about his rights & value.
Individual learn and understand thing on the
base of Skill and critical thinking instead of
modern technology base knowledge. They guide
the individual in seeing the story and skill base
training. Through literary education individual are
aware about his rights and are right to write.
Individual can protest against government if
they do not fulfill their needs. According
to many literate man are not
effect to illiterate man. Hence these argue
that the person who are educate mean
aware his rights and they are not equal
to the person who are unaware.

Cultural value are promoted
through Literature. Literature promote culture
on the bases of ~~entertainment~~ music, language,
and ~~religion~~ religious. Literacy mind encourage the literacy
nation according to Lil. further more, literacy mind
encourage literacy nation and empower the other nation.

A notable case study of India and China promote
his cultural value. Hence it is by lesson
for other nation that they promote his
Culture and national value and
Literature create creative

writer and critical thinking mind. These
critical thinking mind play important role in society
and government. For example Aristotle and
Plato are famous philosophers who play important
role in the society. They focus on individual

and they argue education is free well from the
government. Both these philosophers empowered the
society and work on democracy. They provide
the education to individual and separate the
literate people from illiterate. They select
educated people for knowledge or solid. Hence
literature produce an educated nation.

Women are empowered through
the literature. They fight for their rights
education, right to vote. According to
Malala, one book, one pen, one teacher generate
the educated nation. Malala empowered the women
education. Because educated women play important
role in the society. They can participate in industrial
work, teaching institute, and balance the
economy of country. Hence, Thus nation
empower women through education now they are
successful in all field of life.

Literature empowers the human
creativity. Human can liberate his skill.
They can do work on different field like,
industry, education sector, and designing.
A notable example an artist can liberate
his skill and ~~can~~ earn suitable profit and
enjoy their life.

Beside There are above the positive impact of
literature. play important role in society. But
are some challenges face by literature.

Informal writing

Modern education which
is based on technology that ~~reduce~~
the human creativity ~~human~~ ^{rely} ~~on~~
the AI and ~~reduce~~ his creativity. They
use AI for research instead of his
creative mind it is by ~~loss~~ ~~of~~ nation.
that they mitigate his thinking ability
and focus on technology base work. According
to Lil Elit technology is useful
servant but a dangerous master. Thus ~~technology~~
technological base education ~~are~~ give many benefit
but it reduce the human creativity.

Technological base work
reduce the skill of labour in the industry.
Industry ~~rely~~ on Robot base work. Instead
of ~~the~~ Human Creativity. This is the ~~by~~
loss of labour who rely on industry work.

Compromised paragraphs

and earn money, and run his home.
A notable case study is India which
is hub of technology. It use Technology
base work instead of ~~labour~~. Hence,
labour skills are reduced.

Modern education reduce
cultural value and nation. many country
use other language instead of his national
language. Pakistan is example which use
mostly english language (British language)
instead of his national language of urdu.
This is prove that when a nation convert give
a important his language, then they reduce
the culture value.

Modern education ~~to increase~~
poverty and unemployment it is the big loss
of literacy to education. Modern education use
Robert system and reduce the skill based
worker. This produce poverty in the
(Nation) country. This ~~feature~~ ^{increasing} the economy crisis
in of Country. Hence, the Robert impact
the economy of countries.

There are some over come
that ~~feature~~ ^{Balance} the impact of Modern education
Limited use of AI for
research work can balance the human
Creativity. Hume create different thinking
Process through his creative mind and reduce

the rely on AI - Human can liberat his Skill
and ~~limited~~ ^{Informal writing} and strength the nation.

Limited Use of Robot
system in ccedmy. Instead of Robot Create
a training base Teacher. ~~training~~ base teacher
give good education the Student and empower
the national Prosperity. Human Creativity give more
strength than the Robot System to the government.
Human are good create they can create good
thing. they strength a nation and try
to Produce his Skill in other through training.

Limited use of Zoom Meeting
For business work and Semminars. Instead
of Zoom Meeting conduct a Peaceful face-to-face
meeting. ~~face-to-face~~ face-to-face meeting Play Important
role in business. In face-to-face meeting ~~manager~~
manager can understand the nature of his
employ and treat him on the base of his
nature.

Rigorous work is required on
sentence structure

in the conclusion of the inclusion of literature
in the Curriculum of Modern education is waste
of resource. But reduce of ~~creative~~ creative mind.
~~Be~~ ~~more~~ literature build a nation who creat
critical thinking, and creative writing which
strength the nation. ~~While~~ While modern education reduce
the creativity of human mind. However there are
some overcome to address these challenges, like ~~limited~~
limited use of modern education in all field of humane ~~over~~.
