Meteorology

0 ) weather forecasting is a science. It is called meteorology. It involves evaluation of shifts in climate and predicting the pattern of weather over days and weeks. Instruments like thermometers and

barometers have made weather forecasting easier.

(iv)

2 weather forecasting has always been a challenging task. It is because of the numerous factors that impact the weather conditions. Unpredictable extreme weather conditions, like droughts or flooding rains, are hard to predict. Technology has, however, made it easier.

(v)

2 In ancient times, lacking the technology, people relied upon the signs of the skies to assess the weather. They would consider that moon controlled the weather because it held a lot of water. For instance, a crescent shaped moon floating on its back is still, at instances, considered to be a sign of rain.

In the court-room, the Judge asked Mr. Thomson if he was seeking compensation for wrongful termination to which he responded with affirmation that he was dismissed unfairly. The Judge further confirmed

that he was dismissed after eight months and stated that as per the law, employees with less than a year are not eligible for relief unless there is evidence of discrimination or a specific violation of right. Mr. Thompson appealed that he felt the discrimination. The judge acknowledged his remarks but maintained his point. Plaintiff confirmed, for one last time, that there was nothing he could do about it. The judge agreed and added that his hands were tied by the law. Eventually, Mr. Thompson formally thanked the judge and the case was dismissed.

### Question #07

03/10

Recently a controversy erupted over a book-fair in Lahore, because it sidelined the purpose of the book fair by giving undue space to food stalls and other unliterary stuff instead of books. Many visitors expressed disappointment and felt that the book fair was more of a food fair as it spared little space for books, authors, and the literary value and giving the massive focus on the food stalls. The event sparked a debate on its actual purpose as to whether it was to promote literary objectives of financial gains or merely prioritizing commercial interests.
