Breathing life into
one another? dreams? Date: 10-10-24

From birth, we need assistance
from everyone around us for our
physical, mental, and spiritual
well-being. We need clothing,
houses, food, and livelihoods. As
children, we need parents to
provide comfort and care, teachers
to educate us, and laws made
by others to secure our rights
and properties. Friends provide
comfort and joy.
