ENGLISH TEST - 1

PRECIS WRITING

Monetary compensation is never the prime objective of a learned and characterful man. A great warrior is focussed more on fighting bravely than being paid for it. Similarly, religious preachers are motivated by their passion for spreading religious teachings and not worldly gains. And so do the medical professionals who, instead of jeopardizing the lives of their patients, dedicate services to addressing ailments of needy. Hence, all noblemen prioritize their duty/craft over the pennies.

Title: Duty Over Dues
