TRANSLATION

History is filled with such successful people who started their lives through in ~~very~~ difficult times but with the passage of time they became the most famous and successful personalities of the world. Success, respect and being famous are such attributes which are not served as easy going (to be achieved easily), Only wealth is best served but that also comes with a condition that your forefathers left property for you, only then you will get the money/wealth. With money one can buy worldly things but happiness can never be bought. Sometimes it takes decades to earn respect, but, it only takes a moment to be an insulted or disrespected person.
