History includes some well-educated people those who started their life in some tough circumstances but going a head they were includesⁿ the world famous and educated persons. Education, Respect and wealth didnt give in a plate. only wealth is given you in a plate but there must be a condition that your ancestors have some property then you will have wealth. You can buy world's necessities with wealth but you can't buy happiness. Sometimes man ~~had~~ take a decade for earning respect but it took a single moment to ruin that respect.
