

Translate the following into English, keeping in view the idiomatic / figurative expression.

اگر دنیا آپ سے بڑھتی ہے۔۔۔۔۔

If the world does not attract you, if fear of Allah Almighty brings tears to your eyes, if notion of hell instills in you a fear of God, if you worship Allah Almighty as it should be done, if goodness attracts you and you avoid path of evil, then you are righteous. Some are righteous; some become righteous. Being a righteous is a good luck. Becoming righteous is a continuous process of purification and struggle. It takes time and also to suffer difficulties.
