

English Test - 1

Precis:-

Title: Prioritizing Mankind Over Earning Money

It is difficult for a well-educated men to make money a principal component of his life. All healthy-minded people does not only like to win money, instead they desire pleasure from the sensation of winning money.

All the soldiers, clergymen and doctors

do not only work to earn money. ~~They~~ Some of them genuinely want to fulfill their responsibilities by helping mankind through their services.

Therefore, those individuals who are rightly trained and educated in true meanings always uphold their job principals as primary and earning money as a secondary thing.
