Translation :

In case the world doesn't attract you and your eyes get teary with the fear of God, if the concept of Hell creates Allah's fear within you, if you worship God as he should be worshiped and in case, goodness aspires you and stops you from doing bad things then you are a pious being. Some people are virtuous others try to be virtuous. Being virtuous is a blessing while becoming virtuous is a continuous struggle of ~~be~~ self-improvement. Becoming virtuous takes a lot of time and one has to endure hardships as well.
