

Translation

If the world does not tempt you, if ~~the~~ you cry out of reverence for Allah, if the thought of hell scares your soul, if you worship Allah as one ought to, if righteousness draws you in and you resists the evil, then you are righteous.

Some are born righteous, while others become one.

Being righteous is a virtue, but becoming righteous is a journey of constant self-purification and struggle. It takes time and you have to endure the hardships it brings.
