M T W T F S

If the world does not attract you, if your eyes fill with tears in the fear of God, if the imagination of hell creates a fear of God in you, if you do the worship of God the way it should be, if good deeds attracts you toward itself and you stop walking on the way of bad deed then you are righteous. Becoming virtuous is a continuous process of purification and holy fightings. It takes time. And you have to bear difficulties too.
