Title: Who is loved by God?

On one night, a holy man woke up from his dream and saw an angel writing the names of people who loves God. Upon asking about his name being in the list or not, he got to know the list only contains the name of those who loves their fellows. However, when angel appeared next night, the holy man asked the same question and this time his name was on top. Therefore, only those people are loved by God who loves and cares for their fellow beings.
