

Translation 2

Hadia Zehra

If world does not attract you, if your eyes are welled up with tears, when you hear the name of Allah, if you worship Allah the way it should be done, if good deeds attracts you and you avoid evil doings, then you are virtuous.

Some are pious and some become pious. It is fortunate to be pious.

Being pious is a continuous act of continuous purgation and struggle.

It takes time and one has to bear hardships too.
