## Translation

History is full of such successful people who started their life from the arduous condition but went on to become successful and famous personalities of the world. Success, honor and fame are never handed to you on plate, only wealth can be handed to you on a plate, there is a condition that it should be owned by your ancestor and you will get wealth. With wealth you buy worldly necessities but not happiness. Sometime it takes many decade for a person to earn respect, but only a moment is enough to earn humiliation.
