Urdu → English Translation

If the world doesn't attract you, if
fear of Allah brings tears to your eyes,
if the thought of hell fire ^{instills} ⁱⁿ scares you,
if you worship Allah as required, if
doing good attracts you, and if you
move away from bad deeds, then you are
doing right. Some are already righteous
and some become right. ^{عوض} Being righteous
is a blessing. Righteous is being pure
and defender of faith. This takes
time and requires endurance to
difficulties.
