If the world do not pull you towards itself,

If get you get tears due to fear of Allah,

If the remembrance of Hell, creates fear of Allah in you, If you worship Allah is such a way as it should have to be.

If good deeds attract you towards themselves and you stop going on the path of evils then you are ~~not~~ Salih. Some are salih, some become salih. To be a salih, is a good fortune. To becoming salih is a ^{continuous} process of purification and Mujahida. It takes time and hurdles have to be faced.
