Title: Priority of a Well-educated and Brave Man

All the ~~are~~ well-educated and brave people prioritize their work ~~more~~ over making money out of it.

For instance, all healthy minded people like and enjoy the feeling of earning money more than the money itself.

Similarly, the main object of a brave Soldier is to fight with courage and win wars rather than to be paid for winning them. Likewise, the clergyman's

main objective is preaching. Also, good doctors want to serve humanity rather than to ~~be~~ get paid for their services.
