

Quiz - I

Precis *

⇒ Write precis of the passage and also give title.

Title: Purpose Over Profit

Precis:

The passage asserts that for well-educated and principled individuals, **??** should not be the central focus of their lives. Just as a meal is a minor concern for a healthy person, financial gain should not over shadow one's primary professional objectives. Soldiers, clergymen, and doctors, for example, are driven more by their commitment to their roles—winning battles, preaching, and healing—than by the financial rewards. While monetary compensation is important, it remains secondary to their main purpose. True dedication involves prioritizing one's work and mission above mere financial incentives.

Suggested titles for today's precis

"Money is not the End"
"Profession as a priority over money"

Suggestions for improvements:

Do not make complex compound sentences

Begin and end precis with a precise/short sentence

Avoid enlisting
