

Title: Work is more important than money:

It is It is not not rat

~~For a good man it is~~ not possible to think that making money is the only goal of their life. Just like every individual loves having good dinner but it does not means that dinner is the main goal of their life. So enjoying the work is far better than money. Just like doctors, they do their work to give health and cure to their patients rather than

Suggested titles for today's precis
"Money is not the End" the name of fees. It is the mark of a good and educated man.
"Profession as a priority over money"
