PRECIS QUIZZ # 01

Title is not accurate

Hard Earned Money is Different than Winning Money

It is unusual for a wise man to make money the centre of his life. Hard earned money is valued more than simply winning it. A competent soldier's main aim is to win the battle and not the money he gets after winning. A cleric, too, does not desire the money he gets for preaching. A good doctor would focus on curing the sick rather than his fees. A wise man prioritises his job over the money he earns.

Suggested titles for today's precis

"Money is not the End"

"Profession as a priority over money"

Suggestions for improvements.

Do not make complex compound sentences

Begin and end precis with a precise/short sentence

Avoid enlisting

Do not explain all three examples separately, rather give an essence

Word count should be around 80
