Title - ~~Purpose over Profit~~

Educated & brave individuals prioritize their work over financial gain. Like a soldier who fights to win battles or a doctor who aims to heal. The primary goal is to excel in their duties & not the pursuit of money. While compensation is important & appreciated, it remains secondary to the purpose of their profession which is to serve & contribute meaningfully.

Suggested titles for today's precis

"Money is not the End"

"Profession as a priority over money"

Suggestions for improvements:

Do not make complex compound sentences

Begin and end precis with a precise/short sentence

Avoid enlisting

Do not explain all three examples separately, rather give an essence
