Q Write a precis of the following passage and also suggest a suitable title:

It is physically ----- second.

Title:

"Prioritize work over money"

half precis in a single sentence???? a sentence is not supposed to be this long!!!!

It is ~~no~~^{not} possible for an intellectual man to make money his priority as it is a need for a healthy person to make dinner but it is not on top of his thoughts. Making money does give the feeling of winning but ~~a~~ healthy persons including soldiers, clergymen and a good doctor does their work sincerely, not to just earn money. ^{but} for them work is their first priority and money is second.

seems like you have neither read the basic grammar nor the basic grammar rules

you have written the whole precis in 2 sentences!!
