History is loaded with successful people who started their lives in extreme situations but as they progressed further, they were listed in the world's successful and famous personalities. Success, fame and respect ~~is~~^{are} never served you in a plate but only wealth can be if your ancestors are rich. You can buy worldly luxuries with wealth but not happiness. ~~It~~^{It} takes a lifetime for a man to earn respect and a seconds play to ruin it.

Translation should be idiomatic
