

Translation

⇒ If the world does not draw you in, if the fear of Hell brings tears to your eyes, if the thought of Hell instills in you a fear of God, if you worship God as you ought to, if goodness attracts you and your feet are kept from the path of evil, then you are righteous. Some are born righteous, while others become righteous. Being righteous is a stroke of luck. Becoming righteous is a continuous process of self-purification and struggle. It takes time and requires enduring hardships.
