TRANSLATION

If the world does not attract you, if the fear of Allah Almighty brings tears in your eyes, if the thought of Hell develops fear in your heart, if you worship Allah the way (it should) be done, if good deeds attract you, and negativity repels you, then you're the righteous one. Some are born righteous whereas some become righteous. To be born as righteous is a good luck. However to become righteous is a matter of continuous struggle and effort. This process takes time and also requires a man to endure hardships.
