water reserves. According to World Bank report, Pakistan in 2050, will be in severe water crisis. And we are seeing this currently. Lack of required capacity and flow in one of main river "Indus" is concerning. Apart from other issues of not which lead to water crisis, we have many internal lacking as well. Our provinces are in direct opposition of centre due to centre's inappropriate handling of water share's. Water crisis being decades long issue in Pakistan, is often triggered and escalated due to government's inappropriate policies, it is therefore Government's responsibility to sit with its peoples to solve this issue and people may on the matter, and people's cooperation is highly recommended in this regard.
