The Psychological Legacy of Colonialism

colonial power especially Britain and France, justified their rule by portraying colonized people as willing beneficiaries rendering resistance irrational. However, colonized societies internalized imperial norms with ambivalence. In Africa, colonial memory shifts between exploitation and administrative benefits. Postcolonial consciousness remains fractured, as former colonized and colonizers interpret history through contrasting emotional and ideological lenses revealing the deep psychological impact of imperialism.

Q:1

Bashirani's family continued collecting charity even after becoming financially stable they had become accustomed to it and began to view it as an additional source of income. They justified their actions with the belief that "no business is bad".

Q:2

The Passage implies that charity distribution in Karachi is often ineffective and poorly managed. Many donors give without verifying the recipients. This leads to wastage of resources.

Q:3

Through this phrase, the writer highlights the commercialization of charity it shows how some individuals treat the act of receiving charity as a

business opportunity.

Q:4

People like Bashiran family might hesitate to stop collecting charity because it provide them with easy, additional income without effort. They might fear losing a steady source of support.

Q:5

The Passage suggests that unchecked charity practices promote dishonesty and exploitation they discourage self reliance, waste resources and ultimately undermine the true purpose of charity.
