The Essay

"The Media's the most powerful entity on earth. They have the power to make the innocent guilty and to make guilty innocent and that's the power. Because they control the mind of Masses" (Malcolm X). Media is now in the access of mostly people in the world. It is using latest technology to control the nerves of young generation. But Media is like a two edge sword, it has positive and negative impacts. It has the power to influence the mind in which way they want. In Israel - Palestine conflict Media is playing its positive as well as negative role. It is creating Global Awareness, Mobilizing Humanitarian aid and solidarity, and Documenting Historical event. In the same way, it has Biased and one sided narrative, obstruding the Independency of Journalism and spreading Misinformation and war propaganda. In this regard, for authentic news and unbiased perspectives, fact-checking and Trustworthy media reliance is mandatory.
