Punctuate the following passage: 03/05

As the rain poured outside, the detective turned to the suspect and said, "I know you're hiding something." The suspect looked away, then muttered, "What makes you think that?" "Your silence, for one," replied the detective.

"Besides, you were seen near the warehouse that night." "That's impossible!" he snapped. "I was out of town."

"Really?" The detective leaned forward and placed a photo on the table.

"Come to explain this, then?" The suspect stared at the image, his eyes narrowing.

"Where did you get that?" he whispered. "That doesn't matter," said the detective. "What matters is the truth."

Ramanujan was a British-Indian mathematician whose work is still used in space technology ~~today~~. In his childhood, due to unfavourable circumstances and a lack of interest in subjects other than mathematics, he was unable to gain admission to college. Eventually, a British professor named Hardy took him to Cambridge, where he was honoured with a Bachelor's degree. The number 2520 was one of his discoveries, a remarkable number that is divisible by all numbers from 1 to 10. Ramanujan was a vegetarian, and due to the lack of suitable food in Britain, his health deteriorated. He passed away at the young age of 32. In 1920, A feature film has also been made about his life in India.

Read the following Passage carefully
and answer the question that follow.

Why did Bashir's family continue
collecting charity even after becoming
financially stable?

Bashir's family continued collecting
charity because they had become
accustomed to the additional income
and benefit it provided. Despite their
improved financial status, they saw charity
~~as~~ an easy source of gain and justified
it by adopting the mindset that "no
business is bad."

What can we infer about the effective-
ness of charity distribution in
Karachi?

The passage suggests that charity
distribution in Karachi is often ineffective
and mismanaged - many donors give without
verifying the recipients' financial status,
Resulting in resources being wasted
on those who are no longer in need,
while truly needy people may be
overlooked.

3rd Question

This phrase reflects a cynical attitude where people prioritize financial gain over ethical or religious values. The writer uses it to highlight how some individuals exploit religious and charity for personal benefit, treating it like a business rather than an act of need or faith.

4th Question:

They may hesitate because collecting charity has become a habitual source of income. The ease and reliability of receiving donations might make it hard for them to give up, even though they no longer need the support.

5th Question:

The passage warns that unchecked charity practices can lead to dependency, dishonesty, and misuse of resources. It may discourage self-reliance and harm the integrity of welfare system by diverting help away from those who genuinely need it.

Psychological Legacy of colonialism

The psychological effects of Imperial Rule deeply impacted both colonizers

and the colonized, creating a

hierarchy that persists in postcolonial thought. Colonial powers like Britain and France justified domination by framing it as civilizational progress, often portraying the colonized as willing participants or beneficiaries. This narrative made resistance appear irrational.

However, the colonized were not passive; they internalized and negotiated imperial norms, leading to complex, often ambivalent attitudes toward colonial rule. In parts of Africa,

avoid examples memories of colonialism evoke both trauma and nostalgia for colonizers.

decolonization signified not just territorial loss but a moral and civilizational rupture. As a result, post-imperial
