could save only one but this demand through social media shows its growing power. Now a days social media has become an important part of our economic political and social life. people are involved in the world affairs, and economic lives of people are increasing in their standards. Moreover the rise of accountability through social media is also an unmissed prospect. Despite these prospects, there are also a few problems which are rising due to uncontrolled spreading of social media, social media is being used as a tool of hybrid war and defamation. media has a
