QUESTION :- 1

Make a precis of --- ?

TITLE :-

Humans And Horse Relation 1

PRECIS WRITING :-

In medieval Europe,
the bond between humans and
horses represented both practical
arrangements and complex social
institutions that shaped every
discipline of life. The master
horsemen could read the
temperament of an animal
through subtle signs. The most

5

skilled among these practitioners were farriers and talented farriers were those who could diagnose lameness by watching horse walk, could fashion shoes that corrected problem and understood the medicinal properties of various herbs and poultices.

These craftsmen were essential figures in medieval society whose services were required by everyone from kings to farmers. The bond between rider and mount was itself considered an art of acquiring patience, consistency and intuitive understanding. The most celebrated horsemen were seemed to communicate with their animals, creating an impression of perfect unity between human will and animal action.

QUESTION-3

The historian paused, looked directly at the audience and said, "The fall of ancient civilizations cannot be attributed to a single cause. However, we must consider several interconnected factors including environmental degradation, economic instability and political corruption. Moreover, the notion that these societies simply vanished, is absurd. They transformed, evolved and in many cases their descendants continue to thrive today. When examining sources from that era particularly letters written by merchants, farmers and government officials. We discover a far more complex narrative than traditional textbooks, suggest Dr. Ahmed, one of the leading scholars in this field, has argued that we must read between the lines to understand. What

really happened? The evidence
he claims, speak for itself.
