QUESTION # 03

PUNCTUATION

A

The historian paused, looked directly at the audience and said, "The fall of ancient civilization cannot be attributed to a single cause, however, we must consider several interconnected factors including environmental degradation, economic instability, and political corruption. Moreover, the notion that these societies simply vanished is absurd; they transformed, evolved and in many cases their descendants continue to thrive."

today. When examining the primary sources from that era, particularly letters written by merchants, farmers and government officials, we discover a far more complex narrative than traditional text books suggest. Dr. Ahmed, one of the leading scholars in this field, has argued that we must read between the lines to understand what really happened. The evidence, he claims, speaks for itself.
