5) How does the article propose addressing the limitations of renewable energy?

The article propose addressing the limitation of renewable energy. Renewable energy is not the silver bullet for saving the planet. It is a complex, imperfect solution that require careful management and realistic expectations.

Q#2 title: Political class serves as a poignant reminder
Politicians, cannot help but marvel at their unparalleled
attitude for convoluted verbosity evasion. In the grand
theatre of governance, a symphony of shrewd machination
and oblique, their unparalleled mastery of linguistic.
The simplest of inquiries, our leaders employ in an
aura of intellectual gravitas. Their motives veiled in a
labyrinth of words. There was some who ignore the
art of promises and yet deliver naught. It is said said
that the pen is mightier than the sword. Moreover it was

unparalleled talent for Self-Preservation as a
Snake sheds its skin. The agility of our political
class serve as a poignant reminder ~~is~~ ^{is less} ~~about~~
